Container Berths	2
Total Berth Length	650 meters
Terminal Capacity	1.2 Mn TEU
Draft Alongside	13.5 meters
Total Area	36 hectares
Yard Ground Slots	4,600 TEU
Yard Capacity	18,400 TEU
Reefer Plugs	400
Quay Cranes (Super Post Panamax)	5
Rubber Tyred Gantry	4
Reach Stackers (Kalmar)	10
Rail Siding	2 sidings on dock

ADVANTAGE KPCT

- Strategic tie-up with MLOs & Feeders, Freight Forwarders, CHAs, LSPs & Transporters, CTOs, and ICDs
- Main liners and feeder services call KPCT on a regular basis
- Average time for berthing of vessels is 90 minutes
- Average trailer turnaround time of 50 minutes from entry to exit of the port
- By rail – fastest unloading of entire rake in 9 minutes

- Modern CFS facility inside the Port
- Customs facility
 - Functional custom EDI 1.5 connectivity
 - Dedicated Customs staff within the terminal
- Potential Hub port for Bay of Bengal
- Future Global Transshipment Hub
- KPCT offers logistical advantage, faster turnaround times, and competitive tariffs

WFD – KPCT RAIL SERVICE

- WFD to PKPK: Every Tuesday & Friday
- PKPK to WFD: Every Wednesday & Saturday
- Bengaluru cargoes by rail:
 - Exports: granite, gherkins, coffee and machinery
 - Imports: Auto parts, furniture, construction materials, white products, timber, electrical and electronic goods, etc.
- Equal tariff as WFD – Chennai
- Direct payment to CONCOR subject to liner approvals
- Domestic transportation is available on request
- KPCT office at Bengaluru
- Road movement is available from Bengaluru to Krishnapatnam by our own fleet
- No cutoff and gate closing
- No SSR charges

ICD SNF – PKPK weekly rail service

Efficient Logistics Solutions for Ease of Operations & Time Saving

- Rail tariff at par with JNPT
- Weekly rail service to connect for CHX service & Salalah shuttle
- Maximum time for import containers to connect is 36 hours
- Empties available at ICD – SNF for KPCT movements
- 24x7x365 customer service desk
- Competitive Terminal handling charges over JNPT
- No congestion at port terminal
- Customers clearance can be done either at port or at ICD basing on customers requirement & convenience
- Very suitable for heavy cargoes like granite which have restrictions for road movements
- From ICD to KPCT the maximum rail transit is only 36 hours

■ KRISHNAPATNAM BAY AREA CFS

- CFS within port
- Total area – 15 acre
- Capacity: 6,000 TEU
- 9,000 sq mtr covered warehouse with carting / stuffing at both sides
- Repair & maintenance facility for containers
- Warehouse & yard management software
- Rail siding access
- EDI Connectivity with Customs
- 2 weighbridges
- 24/7 operations

■ EXPORT INSPECTION AGENCY

- EIA branch opened in Nellore (Oct 11, 2014)
- Exporters of shrimp, fish fishery products in and around Nellore to benefit from the facility
- Exporters do not have to go to EIA Chennai regional office. Hence can save time & money
- Quality control certificate, pre-shipment inspection of notified export commodities to Europe, certificate of origin, health certificate to be issued at Nellore. Other certificates: GSP, APTA, SAFTA, ISFTA, IJCEPA
- Equipped with modern laboratory facilities
